

'High quality CPR and rapid defibrillation save lives'

Fast and easy set-up buttons for language, scenarios, volume, play/pause, and child option.

Exclusive to the Prestan AED Trainer is the Pad Sensing System; an embedded 'switch' in the pad itself. The switch 'senses' that the AED Trainer pads are attached to the manikin torso.

PRESTAN® AED UltraTrainer™

CPR feedback and coaching.

Child defibrillation.

Pad Sensing System.

3-year warranty.

The Prestan AED UltraTrainer™ offers features not found on any other universal AED trainer, and is the most accurate representation of how current AEDs in the marketplace perform. This compact and lightweight unit will give students a realistic training experience with training pads that sense when they are placed on a manikin. In addition, the pads are pre-connected and voice prompts are clear and calm.

Instructors can customise their training classes with options to turn the compression metronome on or off, and/or the "Give Breaths" voice prompt. With a 3-year warranty and durable long-lasting pads, the AED UltraTrainer™ is built to last.

AED UltraTrainer™

The Prestan AED UltraTrainer™ is a compact, lightweight solution with full customisation options. Each unit includes one set of adult/child training pads, instructions for use, a carrying case, and 3-year warranty.
